GUIDELINES

Welcome to Valhalla Horse Riding and Farm Holidays

The following guidelines are intended to acquaint new agistees with the policies of Valhalla. Please feel free to talk with us at any time about your concerns or any suggestions you may have.

In the case of an emergency we will attempt to reach you. If you cannot be contacted and veterinary attention appears to be necessary, the vet of your choice will then be contacted, if we have those details on file otherwise the usual vet of Valhalla will be called and asked to bill you.

On arrival at Valhalla Agistment, your horse should be wormed and will be quarantined for a period of two weeks to ensure the well being of your horse and other agistees, and the horse being worm free. Regular worming is required and will be carried out by the staff every 12 weeks and the cost debited to your account, unless otherwise arranged with the staff. If you choose to worm your horse yourself, please let management know. Horse's teeth are to be checked yearly and we also request that your horse be immunised against tetanus and strangles annually.

When your horse is shod, please make sure that all sharp metal clippings are picked up as these may cause injury or puncture tyres if left lying around. Horses that are not shod should still have their hooves trimmed regularly.

When arriving at Valhalla, introduce your horse to its new paddock by walking the fence line together and show your horse the boundary and where the water is located. Horses should not be placed in a new paddock after dark. Arrange with us to use a yard or stable for overnight stay if arriving late.

Horses are not to be moved to other paddocks, stables or yards without prior approval. Riding or lunging in others paddocks is not acceptable.

To ensure your horse's safety please report any damage to fences, gates, automatic waterers or troughs or any other maintenance problems to staff. We will endeavour to make repairs as soon as possible. Please check and clean water troughs regularly and pull fire weed or other noxious weeds from your paddock. Feed bags will be provided outside your shed to dispose of rubbish and weeds.

Horses are to be moved to your allocated clean paddock on Sunday. Please leave empty paddock gate propped open and rake manure from corners of paddock for tractor harrowing on Monday.

Feed for your horse may be stored in the agistee feed sheds at the end of each lane. Valhalla will feed your horse weekday mornings. Please ensure there is enough feed left for your horse. If you require your horse to have hard feed, please make up buckets in daily portions. If your horse is agisted in a paddock and the management feel it necessary to feed your horse hay you will be charged accordingly. It is the horse owner's responsibility to ensure the horse gear/equipment against all risks and theft while they are on Valhalla's property. Please keep feed sheds neat and tidy and ensure your shed door is closed when leaving.

If required, extra feeding will be charged at \$2 per feed. Rugging service can be provided at \$10 per week during winter. All horses are checked morning and night for safety.

Any child under the age of 16 is to lead their horse down to riding areas and on return to agistment, unless supervised by parent walking with them. Excluding employees of Valhalla Horse Riding.

Whilst we will take every precaution to ensure safety for you and your horse/s please recognise that all activities at Valhalla Horse Riding are at your own risk.

We are looking forward to a long and pleasant association with you.
